GRANT HINTS CHANGE COMING

Pick and Acosta May Supplant Morgan and Shanks On the Nationals.

PLAYERS MUST IMPROVE

Week Will Be Hard One for Athletes, Who Will Have Games and Practice Daily.

By WILLIAM PEET.

Charlottesville, Va., March 21.—That there may be a big surprise in store for the fans of Washington when the Nationals open the season in the Capital next month, was learned tonight when Manager Griffith stated that he had not by any means decided upon his lineup. "I notice all you newspaper men have made statements to the effect that the Washington club, which finished the 1914 campaign, would be in the field for the opening game this season," Griffith commented.

Have Another Guess Coming.

"You fellows have another guess coming. For just now I am not at all sure that the so-called regulars will be in there when the big thing comes. Proceed for additional light on the subject. The old Fox refused to commit himself. He said that several of his players would have to hit better than they did in 1914 or else they would warm the bench.

This means, according to the writer's way of looking at the matter, that Shanks in left field and Ray Morgan on second are the doubtful ones, for during the practice games played here during the past two weeks, Charlie Fox has shown amazing ability to sting the ball. He also covered second base in a nifty manner, while Acosta has batted much better than Shanks. Of course, neither Pick nor Acosta can hold with Morgan and Shanks, but the old Fox wants hitters.

Will Select Them in Capital.

Then there is a possibility that Henry Rouseau will come through. Rouseau still has three weeks or more in which to get into the line-up. He has shown that he can hit during the few chances he has had in the games played here.

Moran Protests Siegie's Action.

Manager Moran of the Philadelphia National League club, notified Ramon Siegie by telegram this morning that he had entered a protest against him, filing charges with the National Commission to the effect that the Phillies have the prior claim to Siegie's services.

Griffith claimed that if the Phillies could produce in writing a statement of Siegie's effect, that he had agreed upon terms with that club before signing a Washington contract, he would turn him back to Moran.

Hard Week for Club Members.

The present week is going to be a hard one on the Washington pitchers. Griffith's contract with his present plans, starting tomorrow, recruits and regulars alike will be told to put a lot of "stuff" on the ball, more than they have in the past. In which case the practice games should be hard fought and much closer than previous tilts.

PLAYERS' FRAT HEAD IN FAVOR OF PEACE

Fultz Declares Agreement Should Be Made Without Delay to Protect Game.

New York, March 21.—David L. Fultz, president of the Baseball Players' Fraternity, issued the following statement tonight:

"If the guardians of the game of baseball, the National, the American and the Federal League owners, wish to rescue the sport from an irreparable injury they will conclude peace without further delay. No matter what side must accept a little pride in doing so. These three leagues are well backed and could no doubt go on fighting indefinitely.
